Jordin Sparks and TextNoMore.com Team Up to Combat Distracted Driving.

Award winning artist **Jordin Sparks** teamed up with **TextNoMore** to film several PSA's on distracted driving. Thanks to Jordin & Fox12 (KPTV), we are bringing in the new year full of awareness about the dangers of texting & driving. Tom McCabe (CEO) and Cameron Forni (COO) were on hand to see the projects completion.

The TextNoMore Fundraising Initiative kick-off is right around the corner.

The **TextNoMore Fundraising Initiative** will enable participating schools the opportunity at directly increasing budgets for in-need or at-risk programs. This will create a stable residual fund for each participating school. The higher the participation in the program the greater the financial reward for each school. This fundraising initiative will elevate schools fundraising programs to the next level while using the mobile platform as a way to save lives and create revenue year round.

Our fundraising program could provide funds for school trips, substitute teachers, school lunch programs, after school programs, day care and much more, with a simple solution that simultaneously saves lives with our TextNoMore application.

Why SafeKidZone?

SafeKidZone started as a group of concerned parents who shared the purpose of finding a way to leverage the technology of tomorrow to make our loved ones, friends and communities safer today.

We know that in today's world protecting your kids is not as simple as it once was on the road or at play. We felt that, if given the opportunity and means, anyone would help protect a kid from danger.

We sought a solution that would utilize cutting-edge technology to provide a way to increase personal security. Currently, in the United States more than eighty percent of adults and over seventy percent of all teenagers now own cell phones. This fact alone made it obvious to us that the cell phone is the one object that the vast majority of individuals carry with them at all times - regardless of age, gender, race or economic status.
